JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

of 35,000 men, who will be drafted from the regiments of the Caucasian military districts. The troops will be drawn out in two lines, one lying directly on the frontier, in the space between the posts of the frontier guard; the other lying behind the first and serving as a reserve force. Arrangements shall be made to put the cordon in force within one or two days from the receipt of the order from St. Petersburg.

BRITISH EAST INDIES.—By order of the Government of Bengal, dated March 2, quarantine laws are put in force at Calcutta against Goa similar to those in force against arrivals from Karachi.

MOROCCO.—According to advices of March 21, the Sultan has ordered all police authorities and governors of States and harbor towns to prevent the departure of pilgrims during the current year. The pilgrimage to Mecca may be resumed next year.
